The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2022-015 and should be submitted on or before November 14, 2022.

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 2

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 2, prior to the thirtieth day after the date of publication of notice of the filing of Amendment No. 2 in the **Federal Register**. Amendment No. 2 merely amends the proposed rule to delete a proposed exemption for issuers whose only securities listed on Nasdaq are non-convertible bonds from Nasdaq Rule 5630, Review of Related Party Transactions, as well as provide greater clarity as to the purpose of the proposed rule change. Amendment No. 2 does not change the substance of the remaining proposed exemptions for issuers of non-convertible bonds from Nasdaq Rules 5635 and 5640, which were previously noticed.²¹ Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²² to approve the proposed rule change, as modified by

Amendment No. 2, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²³ that the proposed rule change (SR-NASDAQ-2022-015), as modified by Amendment No. 2 thereto, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁴

J. Matthew DeLesDernier,

Deputy Secretary.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36641]

Eastern Maine Railway Company—Acquisition and Operation Exemption—Central Maine & Quebec Railway US Inc., d/b/a Canadian Pacific

Eastern Maine Railway Company (EMR), a Class III common carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire from the current owner and operator, Central Maine & Quebec Railway US Inc., d/b/a Canadian Pacific (CMQR), and to operate approximately 36.57 miles of a main line and approximately nine miles of branch line in Maine. The main line is between milepost 109 (Grindstone, Penobscot County, Me.) and milepost 72.43 (near Brownville in Piscataquis County, Me.). The branch lines consist of: (1) the East Millinocket branch line, from milepost 0.0 to milepost 7.72; and (2) the Millinocket branch line, from milepost 104.65 southward 1.2 miles to the end of the track. EMR will also acquire all other associated yard, spur, siding, and other track along the main line between milepost 109 and milepost 72.43.¹

According to the verified notice, EMR will also acquire incidental trackage rights on CMQR between milepost 72.43 (near Brownville) and the connection of CMQR's track with an EMR rail line in the vicinity of Brownville Junction (milepost 75.07 of CMQR's Bangor Subdivision), a distance of approximately three miles, including CMQR's Brownville Junction yard, as well as use of the CMQR main line to the west for one mile (to milepost 1.0 of CMQR's Moosehead Subdivision). Furthermore, the Maine Northern Railway Company (“MNRC”) currently has overhead trackage rights over the Line. EMR is acquiring the Line subject to these overhead trackage rights. Thus, MNRC's overhead trackage rights will remain unchanged by EMR's acquisition of the Line.

¹ The Line refers collectively to the main line, branch lines, and all other associated yard, spur, siding, and other track along the main line.

²¹ See Initial Proposal, *supra* note 3.

²² 15 U.S.C. 78s(b)(2).

²³ *Id.*

²⁴ 17 CFR 200.30-3(a)(12).

According to the verified notice, the parties executed an agreement on September 1, 2022, by which EMR will acquire the Line from CMQR.

EMR certifies that the proposed acquisition and operation of the Line does not involve a provision or agreement that may limit future interchange with a third-party connecting carrier. EMR further certifies that its projected annual revenues as a result of this transaction will not exceed the maximum revenue of a Class III rail carrier and will not exceed \$5 million.

The transaction may be consummated on or after on or after November 5, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than October 28, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36641, should be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E St. SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on EMR's representative, David E. Benz, Thompson Hine LLP, 1919 M Street NW, Suite 700, Washington, DC 20036.

According to EMR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: October 18, 2022.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Availability for Proposed Voluntary Agreement at Statue of Liberty National Monument and Governors Island National Monument

AGENCY: Federal Aviation Administration (FAA), Transportation.

ACTION: Notice of availability.

SUMMARY: The FAA, in cooperation with the National Park Service (NPS), has initiated development of a voluntary agreement pursuant to the National Parks Air Tour Management Act of 2000 (the Act) and its implementing regulations. The Act allows the FAA and NPS to enter into voluntary agreements with commercial air tour operators. A voluntary agreement manages commercial air tour operations over a national park by establishing conditions for the conduct of the commercial air tour operations. Implementation of a voluntary agreement helps protect park resources and the visitor experience without compromising aviation safety or the air traffic control system. This notice announces the public availability of the proposed voluntary agreement for Statue of Liberty National Monument and Governors Island National Monument (collectively referred to as the Parks).

DATES: Comments must be received on or before 30 days from this notice.

ADDRESSES: Comments will be received on the NPS Planning, Environment and Public Comment System (PEPC) website. The PEPC website for the Parks is: <https://parkplanning.nps.gov/NYHarborAirTours>.

FOR FURTHER INFORMATION CONTACT: Keith Lusk, Special Programs Staff, Federal Aviation Administration, Western-Pacific Region Headquarters, 777 S. Aviation Boulevard, Suite 150, El Segundo, CA 90245, telephone: (424) 405-7017, email: Keith.Lusk@faa.gov.

SUPPLEMENTARY INFORMATION: The FAA is issuing this notice pursuant to the National Parks Air Tour Management Act of 2000 (Pub. L. 106-181 (<https://www.govinfo.gov/link/plaw/106/public/181?link-type=html>)) and its implementing regulations contained in title 14, Code of Federal Regulations, part 136, subpart B, National Parks Air Tour Management. The Act requires that commercial air tour operators conducting or intending to conduct commercial air tours over a unit of the National Park system apply to the FAA for operating authority before engaging in that activity. The Act further requires the FAA and the NPS to establish an air tour management plan (ATMP) for each National Park System unit for which one or more applications has been submitted, unless that unit is exempt from this requirement. As an alternative to an ATMP, the FAA and the NPS may enter into a voluntary agreement with a commercial air tour operator who has applied to conduct commercial air tour operations over a national park including an operator that has interim

operating authority for the park or a new entrant commercial air tour operator. Voluntary agreements must address the management issues necessary to protect the resources and visitor use of the park without compromising aviation safety or the air traffic control system. A voluntary agreement may also include conditions for the conduct of air tour operations and provisions to ensure the stability of and compliance with the voluntary agreement. Each voluntary agreement reflects the provisions and conditions appropriate for the particular national park to which the agreement applies.

A single voluntary agreement covers both Parks. Part 135 operators who have been granted interim operating authority for the Parks are included in this voluntary agreement and operators who apply for authority to conduct tours of the Parks will also be considered as part of the application process. Information on how to apply for authority is presented in the Frequently Asked Questions document that is available on the PEPC website shown above.

Written comments on the proposed voluntary agreement can be submitted via PEPC. Comments will not be accepted by fax, email, or any other way than those specified above. All written comments become part of the official record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Issued in El Segundo, CA, on October 18, 2022.

Program Manager, Special Programs Office,
Western-Pacific Region.
